

EUROFLEX® VISUAL SYSTEM for schools and kindergartens

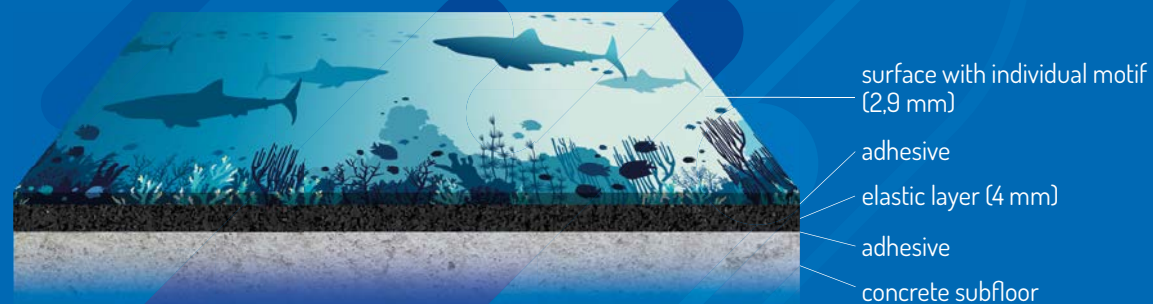

EUROFLEX®

THE INDOOR SOLUTION FOR CREATIVITY AND SAFETY

EUROFLEX® Visual System comfort

EUROFLEX® Visual System

for areas with high impact protection requirements

EUROFLEX® Visual System and EUROFLEX® Visual System comfort offer unlimited design options for indoor applications. The precisely printed surface combined with the well-proven EUROFLEX® products makes it possible to combine this freedom of design with high impact protection values and excellent impact sound insulation and walking comfort. These properties make the Visual System product line ideally suited for use in kindergartens and schools, both to stimulate the imagination of our little ones and to ensure their safety while playing.

High elasticity
to cushion impacts / falls

Excellent anti-slip properties
R10 due to surface layer

Complete freedom of design
pixel perfect, individual printing of the surface layer

Tested quality
Certified according to DIN ISO 9001
Tested impact protection according to DIN EN 1177:2018
