EUROFLEX® Pavement Blocks are manufactured by an environment-friendly process and can be recycled as raw material at the end of their service life.

Material: granulated recycled rubber and colored MDI polyurethane

Physical Characteristics:
Production facility inspection

HIC 1000: 1,0m

Fire resistance: Class E DIN EN 13501-1, 2010
Production facility inspection
Abrasión resistance: rV 5,9 DIN 18035

Installation Instruction
Pour level layer of lean concrete or crushed rock over frost-stable sub grade.
If the surface covered is an existing concrete or asphalt surface, take care to provide sufficient slope for water drain-off and level off any irregularities.
Note the complete Installation Instruction.
