

EUROFLEX® FOR WATER PARKS AND SPRAY PARKS

Aqua slab and playground accessories

EUROFLEX®

AQUA SLAB

Playing safe in the refreshing water.

EUROFLEX® Aqua impact protection slabs are suitable as shock-absorbing floor coverings for playgrounds, especially in water and spray parks equipped with a wide variety of water fountains. The slab generation combines the accustomed safety aspect with an attractive EPDM surface in 20 different uni colours, also available as a glitter version or in two or three EPDM mixed colours.

It meets the standard DIN EN 1177, which prescribes a certified fall height from total fall heights > 600 mm (according to DIN EN 17232:2019 Water play equipment and features – Safety requirements, test methods and operational requirements).

Complies with the new DIN EN 17232:2020-06 (Water play equipment and features – Safety requirements, test methods and operational requirements)

Anti-slip according to DIN 51097:1992-11, Evaluation group C

Certified fall height, according to DIN EN 1177:2018
obligatory for total drop heights > 600 mm!

high abrasion resistance, rapid drying and low heating

UV-resistant according to EN ISO 1297, DIN EN ISO 3386-2

Chlorine and salt water resistant, according to DIN EN ISO 175 and 3386-2

Aqua slab

EPDM COLOURS

For colourful water and spray parks

CUBES AND BALLS

Balancing and seating elements for water parks

Due to their harmonious form, these design elements adapt to any environment and round off the overall composition of an area. They can be fastened with steel anchors or base plates. Why are these elements so popular? They are beautiful, colourful and versatile. They can also be used as borders, seating elements, climbing elements and decorations.

Advantages and properties

- same chlorine and salt water resistance as aqua slabs, therefore perfect for spray parks
- ideal for climbing and as a design or seating element
- high colour diversity (SBR, EPDM or EPDM multicolour rubber granulate)
- different sizes (345, 500, 695 mm)

ELEPHANT, RHINO, DROMEDARY, PONY

Refreshing fun straight from the wilderness

Whether it's imaginative play equipment or exciting seating – our EUROFLEX® animals offer every opportunity for children to pursue their natural urge to move and their communicative needs. They can be used flexibly to design playgrounds or as sitting/climbing facilities in spray parks. Our animals made of rubber granulate also cut a good figure on adventure playgrounds in water parks or outdoor swimming pools!

Advantages and properties

- many friendly and strong colours
- different variants with glitter, mulch structure or multicoloured rubber granulates
- Installation optionally with floor anchor in fresh concrete bed or on floor slab
- weather-resistant

IMPACT PROTECTION & PLAYGROUND ACCESSORIES FOR PLAYGROUNDS AND MULTIPURPOSE SPORTS FACILITIES
